BADGE WILL BE LOCATED IN (*building and room*): \_\_\_\_\_

LIST THE ISTOTOPE(S) AND/OR X-RAY MACHINES YOU WILL BE USING (P-32, Cs-137, XRD, etc.):

\_\_\_\_\_

CHECK THE BOX(ES) FOR THE ONLINE TRAINING YOU HAVE/ WILL SUCCESSFULLY COMPLETE:

- RAM – SEALED SOURCES TRAINING
- RAM – UNSEALED SOURCES TRAINING
- X-RAY TRAINING

## **Fees and Other Information:**

Currently, the fee for a standard dosimeter and ring badge set is \$3.70 per month which is billed on a quarterly basis. The isotope and/or x-ray machine you work with will dictate which badge(s) you must have. Call the RSO for information on which badge(s) is required for your work and their associated costs. All fees are dictated by contract with Landauer and are subject to change.

Faculty Supervisors (PIs) are responsible for returning all dosimeters to the RSO at the end of each quarter by the due date.

The PI who signs this document will be responsible for all monthly fees in addition to any late or unreturned badge fees charged by Landauer for the applicant's badge.

The applicant is responsible for submitting a schedule of RAM/X-ray work for any quarter for which he/she does not turn in one or both badges so that a dose estimate can be determined by the RSO and added to his/her occupation exposure record.
